

IN THE CLAIMS:

Claim 1 (Currently amended) A floating boater's keychain, comprising:
a keychain; and

at least one planar boating information [[card]] page connected to said keychain,
said at least one planar boating information page being formed of a waterproof, buoyant sheet material, said at least one planar boating information [[card]] page having at least one side imprinted with boating rules and boating information, wherein said at least one planar boating information [[card]] page includes a grommet through a portion of said at least one planar boating information [[card]] page, and said keychain is threaded through said grommet.

Claim 2 (Cancelled).

Claim 3 (Currently amended) The floating boater's keychain of Claim 1, wherein said keychain comprises a closeable metal keychain.

Claim 4 (Currently amended) The floating boater's keychain of Claim 1, wherein said at least one planar boating information [[card]] page is formed of a closed cell foam plastic sheet material.

Claim 5 (Currently amended) The floating boater's keychain of Claim 1, wherein said at least one information [[card]] page comprises a plurality of planar boating information [[cards]] pages.

Claim 6 (Currently amended) The floating boater's keychain of Claim 5, wherein each of said planar boating information [[cards]] pages has two opposing sides imprinted with boating rules and boating information.

Claim 7 (Currently amended) The floating boater's keychain of Claim 5, wherein each of said plurality of planar boating information [[cards]] pages includes a grommet through a portion of said planar boating information [[cards]] pages, and said keychain comprises a closeable metal keychain threaded through said grommets to link said keychain and said plurality of planar boating information [[cards]] pages together.

Claim 8 (Currently amended) A floating boater's keychain, comprising:
a keychain; and
a plurality of planar boating information [[cards]] pages connected to said keychain, said plurality of planar boating information pages being formed of a waterproof, buoyant sheet material, said plurality of planar boating information [[cards]] pages having at least one side imprinted with boating rules and boating information, wherein each of said plurality of planar boating information [[cards]] pages includes a grommet through a portion of said plurality of planar boating information [[cards]] pages, and said keychain is threaded through said grommets to link said keychain and said plurality of planar boating information [[cards]] pages together.

Claim 9 (Cancelled)

Claim 10 (Currently amended) The floating boater's keychain of Claim 8, wherein said keychain comprises a closeable metal keychain.

Claim 11 (Currently amended) The floating boater's keychain of Claim 8, wherein said plurality of planar boating information [[cards]] pages are formed of a closed cell foam neoprene sheet material.

Claim 12 (Currently amended) The floating boater's keychain of Claim 8, wherein each of said planar boating information [[cards]] pages has two opposing sides imprinted with boating rules and boating information.
